

What's What in Sports All the Time

BIG BLACK MAN HAS CONFIDENCE

Johnson Doesn't Believe Jeffries Will Ever Meet Him in Ring.

CAN'T REACH CONDITION HAS NO ANXIETY REGARDING KETCHEL FIGHT.

"You can simply say for me that I am ready and only too willing to meet Jeffries, any time and anywhere after my Ketchel fight. I think by my actions I have made that clear to the public. You may add, also, that I will win. I am afraid, though, that Jeffries will never step into the ring with me. I know that he is not in condition, and I am afraid he never can get back in shape to even attempt to regain the title. I am sorry."

"JACK JOHNSON."

Like the crest of a great brown wave sucking after it innumerable pebbles, something struck the office of the Herald-Republican last night. It was Arthur Jack Johnson, champion heavy-weight pugilist of the world, who now spends half of his time talking to the newspapers and the other half in reading them. You have got to hand it to him, however, for about half the world is reading what he says.

Despite the statements of Sam Berger, Johnson did not appear or act like a "bear." In fact he grinned good naturedly, shook hands all around and sat down to talk, first about his motor car and then about himself. His audience reached from the sporting editor's office to the street door.

"Well, what are your plans?" was asked. In brief, they were: Box Wednesday night at the Salt Palace; go to San Francisco Thursday to start training at Oakland for Ketchel.

Philadelphia Jack O'Brien will be passed up. "Too easy," said Jack, "and besides, the go might interrupt my training for Ketchel."

Not Afraid of Ketchel.

"Will Ketchel give you any trouble?"

"Well, for about six or seven rounds he may bother a little. I will, of course, follow my rule of fighting slow and taking my time. Many a good one has lost out by overconfidence and trying to put his man out too soon. Then, again, there is no man living who can force the fighting against me and win. Ketchel will be lighter than Burns, in no better shape, cannot be gamer, nor more clever; in short, he will go the same way Burns did."

"Well, now, how is the only fight stacking up?"

"I will be ready to meet Mr. Jeffries within a month, or perhaps, two weeks after the Ketchel fight, and the sooner the better. Of course, you may doubt that statement, but I think that my actions show it. I have waited eight months for Jeffries; have signed reasonable articles; have posted a \$5,000 bet; have agreed to divide the purse 60 and 40 or 65 and 35, or the winner take all, and fight any number of rounds; also to fight anywhere in the world before any competent referee. I don't know what more can be asked from me."

Doubts Jeffries.

"For a long time, I thought Jeffries would fight, but two days before he sailed for Europe, I changed my mind." was Johnson's rather astonishing statement. "It was when I telegraphed him to wait in New York for me so that we could talk things over. I got a reply saying he would give his terms as soon as he landed, but I have not got them yet."

"You ask what I think my chances are with Jeffries. I can see no other possible outcome than that I would win. The last time I saw Jeffries, he looked fat and was evidently in poor condition even after months of work. Every round the fight goes will be better off and I will be a winner from the first. I am not figuring on the Jeffries of old, because that is not necessary, but, even at his best, I would be confident of winning. I think he will do better in this country, but I think that my actions fixing things up with me than abroad."

"As to the place for the fight, my choice is San Francisco. I would rather fight there than anywhere, although everywhere I have appeared, I have been treated well."

It was apparent during Johnson's visit

WILL FIGHT FOR HONORS TONIGHT

Downing and Samuelson Ready for Great Ride at Saucer Track.

Downing and Samuelson tonight perhaps enough said. The two will appear in a ten-mile, motor-paced race, which, like many other events offered at the Salt Palace this year, will be for blood. The race will go a long way to determine the motor-paced championship of the track, and both of the riders say they can't lose. There are other things in the race than the purse. In practice, Sam, behind his brother, and Downing, behind Whittier, have shown record speed, and there should be no hitch in the work of the motors and their riders.

Another feature will be the attempt on the part of Iver Lawson to lower the world's unpaired record of 24 1-5 for one-third of a mile. Many of the fans think he will do it.

There will also be: One-mile handicap, professional. Unknown distance lap, professional. Three-mile open lap, amateur. Half-mile open, amateur.

that he would rather talk about his exploits in his racing car. On Friday, the 14th, he was arrested for speeding on Michigan avenue, Chicago, and fined \$13. He was on his way to ship his car to Oakland, where it will be a constant factor in his training.

Johnson certainly looks the big man he is. Despite his easy life of the last six months, he appeared in the best of shape and announced that he would only have to take off twelve of his 226 pounds to enter the ring. In appearance, the champion was neatly dressed, but from finger and shirt front flashed stones that did not speak of poverty.

"They may say that I am broke," said he, "but I can still have a ride or two in a machine. You have some great streets here for speeding."

Johnson was accompanied by his wife, Joyce Little, his manager, will get there Wednesday.

AMERICAN YACHTS ARE
OFF AT MARBLEHEAD

Marblehead, Mass., Aug. 16.—The work of selecting the fastest trio from a fleet of nineteen sloop-race yachts by putting them through a series of six-mile sprints, began off here today and it is expected that on Saturday the international committee of the Eastern yacht club will have named the three which will represent America in the third yacht struggle with Germany.

SUN SHINES AT DENVER

Prospects Look Good for the Fair Races and the Horses Are Coming In.

Denver, Aug. 16.—Prospects are brightening and point toward a classy race meeting at Overland from September 12 to 18, in connection with the Interstate fair and exposition, to be held at Overland park.

The horses are now beginning to arrive from Montana, Texas and other western points, and Denver will get the best of the animals.

BIG STAKES ARE BEING
RAISED BY HORSEMEN

New York, Aug. 16.—Racing men in the east are contributing to a fund of at least \$50,000 to guarantee entries for stakes to be run for at the annual meeting of the Saratoga racing association. The present season has been so successful that James R. Keene suggested the establishment of a fund which would guarantee stakes of at least \$10,000 each for races of 2-year-olds and 3-year-olds. It is intended that these stake events shall be sufficiently large to attract to Saratoga the very best young racing horses in the country. Mr. Keene started the movement by promptly subscribing \$5,000 to the fund, and like sums were subscribed by Richard T. Wilson, Jr., W. S. Fraushe, Philip Dwyer and other owners of the Newcastle stable. Substantial amount is promised by other horsemen and breeders.

MURRAY HAS PLENTY
OF PONIES FOR RENO

W. M. Murray's Reno fifteen-day meeting opens today at the Nevada track. The entries for the first races show some of the cracks of the Butte track and when the final card is run at Anaconda Wednesday Reno will have practically the pick of the Montana tracks.

With the loss of Reno Mr. Murray will bring a big string of horses for the eighteen-day meeting of the Ogden Jockey club and following Ogden the ponies will circle the Buena Vista track here.

STIRRING UP CRICKETERS

Cricket was on the boom yesterday at Liberty park, with many followers of the game. The prospect of the visit of the Australian cricketers, now headed west on their return trip to Australia, has created much interest in the game, especially as it is hoped to gather a Utah eleven to give the visiting cricks a game.

Saturday afternoon the "Gentlemen" and "Players" of the Salt Lake Cricket club will continue their draw game with an attempt to settle the respective merits of the two teams.

THROWS OVER SKYSCRAPER.

Washington, Aug. 16.—Charles Schmidt of the Detroit baseball team yesterday threw a "scent" baseball from Vermont avenue, in front of the Arlington, over the eight-story Shoreham hotel, which faces on Fifteenth street. He took a run, and the ball went up until it disappeared above the roof line of the hotel. It was later found in Fifteenth street. Whether it cleared the building entirely or bounced from the roof to the street is not known, but it was a splendid throw for the distance from where Schmidt stood to Fifteenth street.

S.S.S. CURES OLD SORES

If an old sore existed simply because the flesh was diseased at that particular spot, it would be an easy matter to apply some remedy directly to the place that would kill the germs; or the diseased flesh might be removed by a surgical operation and a cure effected. But the very fact that old sores resist every form of local or external treatment, and even return after being cut away, shows that back of them is a morbid cause which must be removed before a cure can result. Just as long as the pollution continues in the blood, the ulcer remains an open cesspool for the deposit of impurities which the circulation throws off. S.S.S. cures Old Sores by purifying the blood. It removes every trace of impurity and taint from the circulation, and thus completely does away with the cause. When S.S.S. has cleansed the blood, the sore begins to heal, and it is not a surface cure, but the healing process begins at the bottom; soon the discharge ceases, the inflammation leaves, and the place fills in with firm, healthy flesh. Under the purifying and tonic effects of S.S.S. the system is built up, and those whose health has been impaired by the drain and worry of an old sore will be doubly benefited by its use. Book on Sores and Ulcers and any medical advice free to all who write.
